

FINANCIAL HARDSHIP GRANT

This form must be submitted by a medical professional.

This £100 grant is to help with the extra costs that having an immunodeficiency can bring. This can include help towards the cost of prescriptions, travel to hospital and access to care. We cannot pay for expenses that have already been made. Our funds are limited so unfortunately we will not be able to fulfil all requests for support.

We will aim to review applications within 7 working days. All applications will need to be verified before we authorise a grant payment. Grant payments may take up to 30 days to reach a patient's bank account.
