“Immunodeficiency UK has given us the opportunity to connect with other families affected by the same immune deficiency as our son, who has complement deficiency. We feel like we’re not left to struggle alone.”

Rebecca

Immunodeficiency UK launched on 1 April 2021. The charity’s day-to-day operations are funded entirely by donations and grants.

Immunodeficiency UK’s registered charity number is 1193166. For the period from 2013 to 1 April 2021 we were known as Primary Immunodeficiency UK.

About Immunodeficiency UK

Immunodeficiency UK works with and campaigns for the needs and rights of individuals and families affected by primary and secondary immunodeficiencies.

We're here to make sure you have the knowledge needed to:

- manage your condition effectively
- ensure your health needs are understood and addressed by those involved in healthcare policy and delivery.

We have a patient representative panel covering different areas of the UK and an eminent medical advisory panel that advises us on our work.

Visit our website for access to:

- medical information
- guidance on benefits
- wellbeing advice
- patient stories
- practical tips for living with an immunodeficiency for parents, carers, young people and adults.

Finding answers and supporting you

“When Daniel was first diagnosed, Great Ormond Street Hospital advised us to go straight to Immunodeficiency UK’s website as it’s the most reliable source of information. It was great to be able to use the information as a guide for the path we were about to walk.”

Daniel’s Mum, Eleanor

Finding out someone you love has an immunodeficiency can bring up so many questions.

Immunodeficiency UK is here to answer your questions, provide accurate information, give advice and help you live with your condition.
